Re: Mrs Sarah J. Mitchell DOB 05/30/1961 Our ref: LCO-44871

Dear Ms Natarajan,

Thank you for your prehabilitation work with Mrs Mitchell. Her left total knee replacement is confirmed for Monday 22 June 2026. Please continue quadriceps strengthening and range of motion work until surgery. After discharge she will need outpatient physiotherapy two to three times a week for eight weeks, with a focus on knee flexion beyond 110 degrees and gait retraining. Hydrotherapy may begin once the wound has healed, usually at about three weeks.

Yours sincerely,

Dr. Felix Harmon, MD
Orthopaedic Surgeon
